profile

I am a front-end web developer who values strong communication and collaboration. As a musician I have learned to integrate artistic creativity with fastidious attention to detail, skills which support my innovation of quality web products that are accessible and user-focused.

skills

HTML5 | CSS3 | Sass | JavaScript | React | Firebase | jQuery | Responsive Design
Web Accessibility | Git/Git Collaboration | PSD Conversion | API Integration

education

Juno College 2020 - 2021

Immersive Web Development Bootcamp

projects

Seinfeld-Who Said It!

HTML || JavaScript || jQuery

A simple and fun quote guessing game for the true Sein-heads of the world. Race the clock to get it right and don't let Babu wag his finger at you! zachbines.github.io/seinfeld-app/

Movies A - Z

JavaScript || API Integration

A paired programming project which tests the users ability to name a "better" movie than the one provided (using imdb ratings). zap-2.github.io/Movies-A-to-Z/

wannaWatch

React || Firebase

So many shows, so little time...Keep track of the shows you want to watch with wannaWatch! wannawatch.netlify.app/
